TO PRACTICE DENTISTRY IN THE	:
STATE OF NEW JERSEY	:

---

This matter was opened to the New Jersey State Board of Dentistry ("Board") upon the request of Donald Dobrowolski, D.M.D. ("respondent") seeking modification of prior Board orders. The application was supported by documents attesting to the continuing, successful rehabilitation of Dr. Dobrowolski with respect to his substance addiction. Respondent voluntarily surrendered his license to practice dentistry in August 1995. His license was reinstated with restrictions in January 1997. In September 1998, the Board, at respondent's request, removed the requirement that he practice under supervision. Respondent, by letter dated December 11, 1998, requested that the Board reinstate his C.D.S. and D.E.A. registrations.

The Board has considered respondent's request, including consistently negative urine screens and letters from his treating

psychologist and psychiatrist. The available information demonstrates respondent has been compliant with the prior Board orders in this matter, that he continues in recovery, and that the public health, safety and welfare are adequately protected by the continued monitoring provisions set forth in this order. Therefore,

IT IS on this 16 day of June, 1999,

ORDERED, that:

1. Respondent shall be permitted to obtain registrations necessary under the law to prescribe and administer controlled dangerous substances.

2. Respondent shall comply with the following terms and conditions when prescribing controlled dangerous substances:

(a) Dr. Dobrowolski shall obtain and exclusively employ prescription pads which provide triplicate copies of each prescription and which are consecutively numbered.

(b) Dr. Dobrowolski shall provide the original of the prescription to the patients. He shall place one copy in the patient's chart and submit one copy of all prescriptions to the Board on a monthly basis. He shall be required to account for each consecutive number regardless of whether the particular prescription was voided or was not used for any purpose whatsoever. Further, respondent shall submit with each prescription for a controlled dangerous substance a copy of the patient's treatment record in order to confirm the need for the prescription.

(c.) Dr. Dobrowolski shall submit copies of these prescriptions in consecutive order accompanied by patient records when required no later than the fifth (5th) day of each month for all prescriptions written in the previous month. The prescriptions shall be submitted to Agnes Clarke, Executive Director of the State Board of Dentistry, 124 Halsey Street, Sixth Floor, Newark, New Jersey 07102, so that they may be reviewed and monitored by the Board.

3. It is expressly understood and agreed that continued licensure with restrictions as ordered is contingent upon strict compliance with all of the conditions in this order. Upon the Board's receipt of any information indicating that any term of the Order has been violated in any manner whatsoever, including, but not limited to, a report of a confirmed positive urine or any other evidence that respondent has used an addictive substance, a hearing shall be held on short notice before the Board or before its representative authorized to act on its behalf. The proofs at such a hearing shall be limited to evidence of the particular violation at issue. Any confirmed positive urine test shall be presumed valid, and respondent shall bear the burden of demonstrating its invalidity.

13. All other terms and conditions set forth in the Board's

order of January 22, 1997, which are not inconsistent with the within Order shall continue in full force and effect.
